4. Business of meeting

2.1 Appointment of Small Crafts Registrar

RP – Requesting for a formal approval of registrars position from the members to put forward a recommendation to NCDC and MKA for Patricia.

NC – Do we have other recommendations

RP – Patricia was a standout from the selection process and highly recommended

NC – We should provide a recommendation for the registrar position with an alternate recommendation,

RP – Agreed, we will put together a short list for review

NC – How pressed for time are we, do we have time to ensure we thoroughly search for the appropriate registrar?

RP – We are not time bound, however registrars position is key to moving forward

NC – SOE has slowed progress, may cause delay in beginning the rollout, would having a registrar in a position earlier be the best option

RP – Yes, it would be beneficial having someone in that roll to assist in starting the process of a roll out

NC – We should begin a program rollout for engagement, we can then identify potential applicants, we should provide 2-3 recommendations as a minimum

DT – We can put forward a recommendation for an interim position for Patricia, this will give the board time to find a suitable applicant if necessary

RP – Can we agree to put forward Patricia as our recommendation for an interim acting roll as registrar?

NC – Agreed

JB - Agreed

Action – Put forward a recommendation for Patricia in an interim position as the acting registrar for 12 months.

2.2 Consultation – Stakeholder engagement workshop

RP – A registrar will be beneficial in an initial rollout

JB – We need to put together a timetable for our rollout

RP – The NMSA have funding available for consultation, an initial consultation with the board and a larger consultation with the community and stakeholders.

Action – Request a meeting and consultation with NMSA and the Board

5. A.O.B

Small Craft Registration rollout

JB – Once we have a registrar we can set our dates, working backwards from a registration date.

RP – Rollout will take some time, we will monitor the SOE and progress as we can

6. Closure @ 11am

7. Next Meeting Dates
