- 6. Important Correspondence/Reports**
 - 6.1 Letter to NCDC Governor – Budget support
 - 6.2 Letter from acting City Manager
 - 6.3 Letter from Dept Finance Secretary
 - 6.4 Letter to Steamships
- 7. Business of Meeting**
 - 7.1 NCD MK SCRБ Naming convention
 - 7.2 Registrar report – Registrar
 - 7.3 Budget/Financial report
 - 7.4 Additional board member – ref; Letter from Dept Finance Secretary
- 8. Other Business**
 - 7.1 Registrar allowance (Rental/Fuel/Communications office amenities etc)
- 8. Closure**
- 9. Date of Next Meeting – TBA 2022**

**NCD Small Craft Registration Board
Meeting No 3 on Thursday, June 4th 2021
MKA Boardroom, City Hall – Level 1 Annex**

Meeting Minutes

1. Call to order – RP @ 09:48am

2. Attendance

2.1 Full Board Members

2.2 Ryan Pini (Chairman), Nicholas Constantinou, Ore Toua, Ravu Frank, John Bana Koiri

2.3 Present – Ryan Pini (RP), Nicholas Constantinou (NC), Ryan Pini (RP), Ore Toua (OT)

2.4 Apologies – John Bana-Koiri, Frank Ravu

2.5 Absent

3. Disclosure of Conflict of Interest – None

4. Minutes of last meeting

- RP – unfortunately minutes were to be undertaken by the registrar and was given ample opportunity to put these together, this was not produced by this meeting.
- RP – Will seek confirmation from Kaia on her position as registrar and notify the board for the course of action.

5. Business of meeting

- NCD Small Crafts Schedule
 - The Schedules need to be finalised and approved, RP suggesting modifying Schedule 5 (Fees) Item 4. License fees are annual, NC recommends leaving fees as an annual payment and to review.
 - RP questioning the fee amount for commercial licensing, opening to suggestions of any changes. NC prices must be realistic and

affordable. RP we should consider keeping the fees consistent, applying K150 across the board. NC agreed, we can review these later.

- RP suggesting another change to the Schedules that excludes tenders from registration, NMSA have indicated already that this change is amongst the recommendations to change before Parliament. RP will discuss with NMSA on the inclusion of this to the schedules.
- Resolution

4...1 Change Schedule 5 Licensing Fees to K150 and the Mixed Use Fee to remain at K250

- Registration
 - RP as mentioned with the possibility of replacing Kaia as the registrars position, the registration process will have a huge setback. It is highly important that the registrar is active and their role for this to be effective. NC we should look at December for a rollout for registrations. RP we need to focus on awareness and education which would fit in well with a December 2021-early 2022 rollout. NC a grace period will be important, need a by in of free registration to help but licensing needs to be strict.
 - NC We need to secure locations for registrations, Ravu can assist through City Planning. RP once we have set locations we can setup a basic booth/shipping container to work out of. Koki will be an easy location, it is safe and accessible. For an interim setup we can work with Ward Members around temporary locations for registrations. The awareness campaigns will give us an idea of boat numbers to address a permeant solution.
 - RP the registration App, looking to be approximately K15k, this will handle the database of registrations and inspections.

Users are limited to roles and only have access to their job. NC training inspectors will be important. RP community inspectors can still remain on regular paper forms and pass these on to the main Inspectors and Registrar for filing. PR will talk to the MKA lawyer to write a contract based on the use of the tablet used for the app.

- NC how do we handle fines and receipts. RP NMSA have a book for recording fines, we have an issue that we do not have a set place for owners to pay their fines. NC can we locate an office at MKA.
- RP registration stickers are still in progress, NMSA have now indicated that we should look to source ourselves. Unfortunately this is a big setback. RP has looked to outsource in China, the stickers will require substantial budget to purchase. Suggesting buying 500 to start. NC we can source these locally and owners can source these if they fade. The stickers should also be reflective to assist with crafts travelling at night. RP this is an offer to provide registration stickers for free, owners can print or paint their own but in accordance with the Small Crafts Act.
- RP operators license, how do we best manage licensing, we can provide licenses or keep them registered under the app. NC we should provide licenses, this can be done with our own machine. RP will find costs of the ID printers.
- RP safety stickers, not a priority, we can provide stickers for boats that provide basic safety information and contacts to help with.
- Inspectors
 - RP had discussed with Chairman Dadi, he suggested working with 2 Inspectors. We had a discussion with RPYC to seek

assistance with funding the two, however they have indicated they are not in a position to assist. RP having two, East and West to start and for board to review later on, RPYC have provided a person to inspect the members small craft. NC can we seek assistance from stakeholders in maritime to provide Inspectors.

- NC we need to get our community inspectors sooner so they can be involved in the awareness and be educated on the NCD rollout. OT the initial plan was to use the Ward Councillors to identify/nominate inspectors and the board can select based on the job description. RP, Chairman had reservations including the Ward members. OT we need to ask for several nominations so we avoid any political interference, each nomination will be subject to the JD. NC we can work on a program for engagement and seek community inspectors through the program to engage the right people.
- RP we will need to clarify the payment of community Inspectors. NC they should be on allowances, provide uniforms and transport assistance. RP we can include this in as a budget requirement. NC Ravu suggested earlier that they may fall under the NCD payroll which will provide much needed assistance. We can suggest 6-12 community inspectors to sit on NCD payroll. NC Inspectors can be on rotation with Water Police and NMSA on the water to continue inspections. OT we need to verify what structure inspectors will fall under, NMSA have a better structure and is preferable. RP
- RP we need to formally adopt the Job Description, thank you to OT for completing. The board will be doing the scrutiny for

each community inspector based on the JD. RP will send out a final draft on the JD for a circular resolution to adopt.

- NC the inspectors should be on a roster. RP the role of the Registrar will also be to identify and schedule Inspectors where necessary.
- Budget
 - RP need to finalise and send to Governor Powes.
- Awareness Campaign
 - OT we need to check with NMSA on their schedule. Check with Kaia on her schedule she had done. RP will provide to NMSA to gain approval and allow NMSA to set their scheduling.
- Stakeholders Engagement
 - RP we will need to contact stakeholders to provide some awareness of the registration process and to help identify the equipment that will be of need as the registrations roll out. We should also provide information to help small craft owners understand the registration process.

5 AOB

- Fines, RP we need to manage fines, JB will be best to talk to, to better understand the process from a Police point of view. RP we could implement a points system similar to MB Province.
- RP recommended for the need to create a bank account for NCD SCRB to enable it to handle all its financial matters and was agreed to by all Board Members present.

6 Closure 10:50am

7 Next meeting TBC – July

Ryan Pini MBE, OL

Chairman NCD SCRB

MATTER FOR NCDC MKA SCRIB BOARD **[December 14, 2021]**

RECOMMENDATION / INFORMATION

SUBJECT: Endorsement of NCDC MKA SCRIB Bank Signatories

1. Decision Requested

The Board is requested to endorse the signatories for the NCDC MKA SCRIB bank account.

2. Background

The NCDC MKA SCRIB requires a bank account to provide funding and collect registration/licensing fees and fines to be kept and controlled. Under the Small Craft Act 2011 each Provincial Registration Board can acquire a bank account to allow a better functioning SCRIB.

The recommendation is for 2 board members to have be primary signatories to the account and a secondary signatory to assist.

Primary Signatories;

Ryan Pini – Chairman

Nicholas Constantino

Secondary Signatory

Hitolo Garia

3. Justification

- In order to access funding and grants, provide a means for payments to regular business operation, the SCRIB's must obtain a bank account. The Bank requires the SCRIB to provide the signatory endorsement, the SCRIB needs obtain Board approval of the recommended signatories with minutes.
- Since this is an urgent request upon the Banks requirements, a Circular Resolution is required for approval to set the Signatories for the NCDC MKA SCRIB, and that at the next meeting, the SCRIB will ratify subject resolution.

14 December, 2021

My Dear Governor

**SUBJECT: NCD SMALL CRAFT REGISTRATION BOARD 2022
OPERATIONAL BUDGET REQUEST**

I write to you regarding the above matter.

The National Capital District Small Craft Registration Board (**NCD SCRB**) would like to formally present to you it's Budget Proposal for our 2022 Operations and Expenditures.

Preliminary

The National Capital District Small Craft Registration Board (NCD SCRB) is a legal authority set up by the municipal government of National Capital District (NCD) pursuant to the *Small Craft Act 2011* (SCA) for purposes of administering and regulating the functions under the *Small Craft Act 2011*.

The NCD SCRB is Chaired by Mr Ryan Pini and Mr Hitolo Garia as the NCD SCRB Registrar. Currently the NCD SCRB is yet to formally establish itself as an organization or authority so to carry out its functions under the *Small Craft Act*. In the interim, the National Maritime Safety Authority (NMSA) has come on board to facilitate the appointment and training for the NCD SCRB small craft inspectors which was held at the Gateway Hotel from the 23 – 25 of November 2021.

We hope now to secure funding to formally establish for our 2022 Operations and Expenditures. We understand that NCDCC has a lot to cater for the greater city of Port Moresby and kindly request that we also be included in its line of funding and assistance. We greatly

NCD SMALL CRAFT REGISTRATION BOARD

ADMINISTRATION OFFICE | LEVEL 1 | CITY HALL
ANNEX BUILDING | WAIGANI, NATIONAL CAPITAL
DISTRICT.

P O BOX 1392, PORT MORESBY, NATIONAL CAPITAL
DISTRICT

apologies if this would cause inconvenience to your 2022 Budget plan and expenditure, however as NCD is also a maritime province, by law it is imperative that a small craft board be established in the capital city.

In saying so, we would like to give a brief summary of the progress we have had so far and also highlight the key areas where we need funding and assistance from.

Summary of Progress

The NCD SCRB has come a long way since its endorsement by the Board of the National Capital District Commission in 2020.

We are proud to advise that since that Board meeting, we have been able to successfully have 3 meetings of the Small Craft Board. We have also recruited a Small Craft Registrar, Mr. Hitolo Garia, who has taken the lead in daily operational matters of the Board.

We have also successfully interfaced with the National Maritime Safety Authority and through that relationship we have been able to successfully complete a 3-day intensive training for Small Craft Inspectors. We now have a pool of 21 fully certified candidates for employment as Small Craft Inspectors in the NCD. However, we will start with 12 and then build on from there as we progress. Also we bear in mind the funding sources and availability.

At the moment, there have been various dialogues between the NCD SCRB Chairman and various organizations and partners, including the NCDC, regarding assistance in areas of our operations.

Our Budget Proposal for 2022

For the year 2022, the NCD Small Craft Registration Board would like to begin substantive operations, with the aim of registering every dinghy or other applicable small craft, as well as outboard motor into our databases, and to begin rolling out Safety Of Life At Sea (**SOLAS**) programs to coastal communities in the NCD Maritime communities.

NCD SMALL CRAFT REGISTRATION BOARD

ADMINISTRATION OFFICE | LEVEL 1 | CITY HALL
ANNEX BUILDING | WAIGANI, NATIONAL CAPITAL
DISTRICT.

P O BOX 1392, PORT MORESBY, NATIONAL CAPITAL
DISTRICT

To effectively perform its functions, the NCD SCRB submits it's Budget Summary as follows:

Item	Amount
Administrative Expenses	150,500.00
Operational Costs	232,800.00
Wages	298,920.00
Total	682,220.00

1. Administration Expenses

The administrative budget component consists mainly of administrative expenses required for the administrative functions of the NCD SCRB such as, office set up, Insurance, office supplies and equipment's, communications, amenities etc... It is important we have consistent budgetary lines for smooth operations administratively.

2. Operational Expenses

Operational Expenses consist of the estimated costs required for the effective running and operation of the NCD SCRB in 2022. This budget component forms the second most important feature of our budget plan and is crucial for the sustainability of the NCD SCRB in carrying out its required functions under the *Small Craft Act* 2011 and other related legislations.

Given the Metropolitan status of NCD being the Nation's Capital City, the NCD SCRB proposes for further in-depth training or courses for its Inspectors to equip and update them with the knowledge and capacity essential to carry out its functions in such setting. There is also a great need for awareness's to be carried out in all shore line areas and villages in NCD so that all the people and communities that will be affected are well informed about the NCD SCRB functions and its powers.

The other focus area under this concerns the actual operation involving the registration and inspection of all small crafts in NCD. This will be the core function of

NCD SMALL CRAFT REGISTRATION BOARD

ADMINISTRATION OFFICE | LEVEL 1 | CITY HALL
ANNEX BUILDING | WAIGANI, NATIONAL CAPITAL
DISTRICT.

P O BOX 1392, PORT MORESBY, NATIONAL CAPITAL
DISTRICT

the NCD SCRB and its effective enforcement will also ensure the NCD SCRB generates its own revenue to be self-sustaining in the long run of its operations.

3. Wages

The *Small Craft Act* does not state with certainty from which source shall funding for the wages of the staffs of the NCD SCRB shall be sought from. Section 4(3) only provides for the terms and conditions of members of Registration Boards are to be determined by the relevant Provincial Executive Council (in this case, NCDC), however, there are no such similar provisions for the small craft inspectors nor other staffs employed by the NCD SCRB.

Thus, in reading the *Small Craft Act* as a whole it is clear that the NCD SCRB will be subjected to NCDC. Section 3(1) gives mandate to NCDC to establish a small craft board for NCD and in that regard we submit that NCDC make provisions to cater for wages of the staffs of NCD SCRB.

Submission

The NCD SCRB is eager to roll out the SCAIP (Small Craft Act Implementation Programs) in NCD and its surrounding shoreline areas or communities. It is our hope that we commence the implementation programs such as (SOLAS) Awareness programs as early as January 2022. The reports of missing small crafts (Dinghy's) and incidents involving small crafts from the members of the shoreline communities/villagers such as Hanuabada and Elevala is alarming and sad as there is no regulatory body established at the provincial government level to manage and regulate the usage of small crafts and related sea vessels.

Now that we are set up and established, it is our hope that our submission be treated as essential and important as the shoreline areas and sea areas of NCD have now seen an increase in many different activities involving all forms of small crafts and vessels, thus it is time the NCD SCRB be established and funded to fully regulate this area of importance.

NCD SMALL CRAFT REGISTRATION BOARD

ADMINISTRATION OFFICE | LEVEL 1 | CITY HALL
ANNEX BUILDING | WAIGANI, NATIONAL CAPITAL
DISTRICT.

P O BOX 1392, PORT MORESBY, NATIONAL CAPITAL
DISTRICT

With the constant support and guidance of NMSA, we trust that funding assistance from NCDC will enable the NCD SCRB to fulfill the purposes of the *Small Craft Act* and in all, shall aim to save lives at sea.

Conclusion

The *Small Craft Act* concerns and is declared to be a matter of national interest and dealing with a matter of national importance. Any functions perform pursuant to the Act therefore binds the State pursuant to Section 1(4). Just like any Government institution or organization, the NCD SCRB is a creature of an Act of Parliament and is a Government authority. We now kindly submit to you as Governor and Chairman of the NCDC Board our 2022 Operational Budget Expenditure for funding and assistance.

Recently NCD sea areas have experienced a rise in many illegal activities and mishaps involving small crafts because of no regulatory body in place to regulate this area until now, with the full establishment of the NCD SCRB we will ensure to enforce and apply the provisions of the Act so that we prevent unfortunate incidences at sea involving small crafts from happening and also ensure safety and security of our provincial and territorial borders.

Find attached to this our **Estimated 2022 Budgetary Plan and Structure** for your consideration and determination.

The NCD SCRB thanks you and the NCDC for establishing this Authority and we look forward to working together with NCDC for a safer and secure seas in NCD.

Yours Sincerely

Ryan Pini, OL, MBE

Designation:

Mr. Ryan Pini OL, MBE
Chairman NCDMK Small Craft Registration Board
Level 1, City Hall Annex Building, Waigani
P.O Box 1392
PORT MORESBY
National Capital District

Dear Sir,

SUBJECT: NCDMK SMALL CRAFT REGISTRATION BOARD 2022 OPERATIONAL BUDGET REQUEST

We are pleased with the implementation of the NCD Small Craft Registration Board as endorsed by the NCDC Board in 2020 the outcome of which is the establishment of the National Capital District and Motu Koita Small Craft Registration Board.(NCDMKSCRB)

Your appointment to the NCDMKSCRB as the Chairman is further applauded with our best wishes for success at the board through your leadership as it endeavors to ensure the safety of everyone at sea. It is pleasing to know of the progress of the board with its administrative set up and the consequent appointment and training of small craft inspectors.

The establishment of the board is indeed appreciated and much needed for our setting as a maritime province. In consideration of this statutory requirement for maritime provinces as it applies to NCD and the Motu Koita villages, NCDC considers the importance of its support towards the operation of the board.

Accordingly, the NCDC in sustaining the NCDC Board endorsement and in fulfillment of the statutory requirements as it applies to maritime provinces, is obliged to provide budgetary support to the operation of the NCDMKSCRB.

We are pleased to inform you that a relevant funding of K200,000.00 is allocated in the 2022 Budget for this cause the administration of which will be undertaken by the Motu Koita Assembly.

We trust the funding will assist the NCDMKSCRB with the performance of its functions under the Small Craft Act 2011 and other related legislations in particular to curb the rise in illegal activities and mishaps involving small crafts in our waters.

Thank you.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Ravu Frank', with a stylized flourish at the end.

TO : The Board
(Chairman Ryan Pini and the Board Members)

DATE : 8th August 2022

SUBJECT : **Brief Report on Q1 & Q2 2022 Progress**

A. PURPOSE

Pursuant to section 7 (e), (f) and (g) of the Small Craft Act 2011, I hereby submit our Q1 and Q2 consolidated report for 2022. The purpose of this brief is to provide summary report on the performance so far from the management and administrative aspects since its establishment. I will also highlight few areas of concern and recommendations which will requires the boards consideration and approval.

1. WHAT WE ACHIEVED SO FAR

1.1 Inspectors Training

- a) We managed to put together 21 Inspector's in August last year (2021) as part of the first phase of setting up NCD Small Craft Registration Board. All Inspectors underwent a 3-day Training workshop at Gateway Hotel facilitated by NMSA in last November and were certified after the training.
- b) It was a hurdle resourcefully and financially putting together Inspectors and organizing transport and logistics support arrangements especially during the Training period at Gateway Hotel in November last.
- c) A big thank you to our Board Chairman (Ryan) for stepping in to assist financially. Without his assistance I wouldn't have been able to get the job done. While I am still on this "Inspectors" subject, I must inform you all

NCD SMALL CRAFT REGISTRATION BOARD

ADMINISTRATION OFFICE | LEVEL 1 | CITY
HALL ANNEX BUILDING | WAIGANI, NATIONAL
CAPITAL DISTRICT.
P O BOX 1392, PORT MORESBY,
NATIONAL CAPITAL DISTRICT

that, half of our Inspectors have left us for other offers or job opportunities elsewhere.

- d) It is however, at a reasonable number to commence operation's considering the limited funding issue and proper determination processes.

1.2 Ela Motors Sponsorship/Donation

- a) The vehicle donated is a used Toyota Hilux within the Ela Motors Security Fleet. It had already clocked close to an estimated 265,000km mileage upon receipt. Considerably a good vehicle to have and I acknowledged the sponsorship or donation from Ela Motors. And thank you chairman Ryan for establishing the negotiations and partnership.

1.3 Bank Account

- a) It took us almost 7 months to have the account opened. Unfortunately, it had to go through Department of Finance approval process and system within Cash Management Division then through to the Secretary's Office for final approval and confirmations letter from the Secretary. You can imagine the trail and red tapes it had to endure.
- b) We finally, got it opened in June and we now have our own bank account with Bank South Pacific Paramount Branch with access to ***Online Internet Banking and Premium Banking Services.***

2. WORK-IN-PROGRESS

2.1 Funding

- a) Funding remains our biggest hurdle which stagnates our whole operation until we receive our full allocated funding of K200,000.00 from NCD only then we can fully operate the registry. However, NCD have allocated 100k this month hence the need for the board to convene a special or first meeting of the year to approve on an operational budget to commence operations. However, we are yet to submit our proposals to Moresby North West and Moresby South Office.
- b) There are dialogues already established by Ryan with the incumbent members of both electorates so once they are settled in their office, we will make appointments in the coming weeks to submit our submissions. Both proposals are ready for perusal and approval by Chairman for submission.

2.3 SCAIP

- a) The Small Craft Act Implementation Programs (SCAIP) phase one Awareness/Education Program requires proper planning, coordination and engagement. AWARENESS/EDUCATION program Plan with a Scope of Work has been prepared and will be reported separately for perusal and endorsement.
- b) Phase two Inspection and Registration Program requires proper planning, coordination and engagement. Inspection/Registration program Plan with a Scope of Work has been prepared and will be reported separately for perusal and endorsement.

2.4 Registration App

- a) A Registration Application has been developed by Richard MacArthur from RMC PNG Ltd and is ready to be launched. However, the developers require a part payment for them to release a demo version for trial basis.
- b) If we make full purchase, we can fully own its user licenses and then use it to loan it out to other interested maritime provinces or parties at a reasonable monthly subscription rate.
- c) The App can be interfaced with NMSA and Ela Motors systems for Safety, Monitoring and Evaluation purposes.
- d) It will also generate additional income for us with monthly subscriptions mentioned above.

2.5 Staff Structure

- a) The recruiting structure needs to be arranged properly in terms of determination and facilitation of staff (Inspectors/Admin staff's) terms and conditions or remunerations.
- b) The Small Craft Act does not mention for Registrar and Inspectors or admin staffs other than the board members in section 4 (3) of the small craft act.
- c) We have options either we accommodate them in our Operational budget or squeeze them in the NCDC casual employment system. I have elaborated further on the issue below under facts and consideration.

3. CORRESPONDENCES RESPONDED AND PENDING RESPONSE/APPROVAL

3.1 Office Space

- a) In December last year, Mr. Augustine Ravi who is the Financial Advisor to the NCDC, verbally allocated the office space currently vacated by NCDPHA at level 1 City Hall Annex building. The office is suitable for our small set up.
- b) For formality purposes, I have written to Mr. Ravu Frank our City Manager and board member for approval. We are yet to know the status; however, I understand he has a lot on his plate now and would appreciate if a response could be made before end of this month.
- c) My job requires proper planning, coordination and implementation; hence I am begging this board to arrange a proper set up so I can function as a Small Craft Registry Office with 2 to 3 support staffs.

3.2 Steamships Trading Company

- a) We have written to Mr. Rupert Bray the Managing Director of Steamships early this year in February. He has responded well hence; a dialogue is established now between us and their General Manager Corporate Services Mr. Rupa Vele whom we've met couple of weeks ago to discuss possible sponsorship or donation ideas.
- b) The meeting with Steamships was very fruitful and they are very keen to assist us but might not be on monetary terms. The positive take back is our presence and to create partnerships within the private or corporate sector.

B. FACTS/CONSIDERATION

1. Salary Determinations for Small Craft Staff

As you're aware the *Small Craft Act* does not state with certainty from which source shall funding for the wages or of the staffs of the NCD SCRB shall be sought from. Section 4(3) only provides for the terms and conditions of members of Registration Boards are to be determined by the relevant Provincial Executive Council (in this case, NCDC), however, there are no such similar provisions for the small craft inspectors nor other staffs employed by the NCD SCRB.

Thus, in reading the *Small Craft Act* as a whole it is clear that the NCD SCRB will be subjected to NCDC as Section 3(1) gives mandate to NCDC to establish a small craft board for NCD and in that regard I submit that NCDC make provisions to cater for salary determinations of the staffs of NCD SCRB.

2. NAMING CONVENTION (NCDMK Small Craft Registration Board)

Secondly, it is a legal registry board set up by the municipal government of National Capital District (NCD) pursuant to the *Small Craft Act* 2011 (SCA) for purposes of administering and regulating the functions under the *Small Craft Act* 2011. NCD is a maritime province, and by law it is imperative that the naming be aligned with its provincial abbreviations. For uniformity sake, the name to change to rather NCD Small Craft Registration Board.

C. RECOMMENDATION

Current or main pressing issues from my end operationally and administratively is **proper set up, Staffing and Salary determination or remuneration facilitations**. *Small Craft Act* concerns and is declared to be a matter of national interest and dealing with a matter of national importance. Any functions perform pursuant to the Act therefore binds the State pursuant to Section 1(4). Just like any Government institution or organization, the NCD SCRB is a creature of an Act of Parliament and is a Government authority by law. As such, I strongly recommend the board to deliberate further and consider alternate solutions or provisions for the long-term and short-term development goals of the Small Craft Registration Board.

Yours Sincerely

Hitolo Garia

Registrar

Internal Memo

Date:	20 April, 2022
To:	Mr. Ryan Pini (Board Chairman)
Cc:	Board Members
Subject:	Request for Accommodation Allowance of K3,500.00 per/month

Dear Ryan,

In reference to the above subject, I would like to formally request your consideration or approval with the boards blessing.

As the Registrar managing all aspects of the NCDMK Small Craft board operations, I would hope to be considered for a such privilege. As such, I have captured the cost in our budget for your consideration and approval.

With that, thank you and I look forward to your approval of this request.

Yours Sincerely,

Hitolo Garia
